

BETTER VIDEO STATION BY SYD

edit and upload videos using any computer or laptop instead of the Video Station from Get Famous.

required packs: get famous

XML Injector required

includes the following:

instead of using the Video Station your sims will now go to an available computer or laptop to complete the interactions listed below.

Edit Video

Delete Video

Upload Video

Add Transitions (unlocks at level 2)

Add Effects (unlocks at level 3)

Study Trends

Hype Next Video

Reply to Comments Optional Add-Ons

these Video Stations are more customizable, allowing you to place any computer or laptop on them and they have more slots for decorations. these aren't required for the mod to work. Sims can still use the original Video Station to record, but they'll need to own a computer or laptop to edit and upload the videos.
